**2012-2013 SCS School Directory**

Each year SCS puts together a family photo directory for distribution to all school families. This directory is used to provide information solely to our school community. We will ask for a current family photo in the beginning of the school year in Sept. /12. Photos will be returned once the Directory is printed.

We ask for this information every year to ensure that the information is correct and updated.

PLEASE NOTE: The SCS Directory is a helpful school communication tool and personal business reference for SCS families. The SCS Directory is intended to be used as a school directory only and is not intended for solicitation or distribution purposes outside of the school community.

**PLEASE PRINT CLEARLY**

Parent(s)/Guardian(s) Name: \_\_\_\_\_

- We do wish to have our information and photo published in the directory
- We do not want our information and photo published in the directory
- We do not want our photo published in the directory, but will have our information published
- We do not want any photos of our children or family published in any promotional material

Parent(s) Signature: \_\_\_\_\_
