

The vision of SCS:  
Partnering with home  
and church to  
transform lives through  
Christ-centred  
education.

At Saskatoon Christian School,  
we recognize our school is an  
educational extension of the  
Christian home. If we have  
the privilege of welcoming  
your son or daughter to our  
school this fall, we do so with  
a commitment to help educate  
your child towards the  
development of a Christian  
lifestyle.

"I have the best job! Not only do I get to introduce these little ones to the joys of school learning, but I also have the privilege of nurturing their faith."

— Mrs. Lorene Hind  
SCS Kindergarten Teacher

first-hand and the early development of a Christian worldview. Learning is organized around activity centers and themes, with carefully planned materials and activities specifically designed to foster interest and the development of each child at his or her own pace.

abcd

include "God made me special", "Autumn", "Jungles", "Farms" and "Colours". Learning together as a kindergarten family provides many valuable experiences for learning

At Saskatoon Christian School, our Kindergarten program introduces young children to the joys and challenges of beginning school life in a stimulating, caring environment. Just as creation has unity and is interrelated, our experienced teacher uses a thematic approach to show how all things in God's world, including learning, are related. Favourite themes
