SCS Parent Commitment

Believing that the education of my child is primarily my responsibility, I have chosen SCS to function as the extension of my home and church to help me provide this education.

Believing that the spiritual and moral growth of my child is of paramount importance, I commit my support to SCS as it seeks to teach the essential doctrines of the Christian faith.

Believing that my child needs to learn and experience personal and social development, I agree with SCS’s aim to develop a whole person based on a proper understanding and acceptance of him/her as God made them and the fulfillment of their capabilities in Christ.

Believing that my child needs to learn the necessary skills of knowledge and communication, I cooperate with SCS in its endeavour to promote personal academic excellence as it helps my child gain a thorough comprehension and command of the educational process.

Believing that I, as a parent, must cooperate closely and wholeheartedly support my child’s teacher, I will attempt to undergird at home what is being communicated at the school in every way possible.

Believing that my child should honour and respect people in authority over them, I will cooperate with the teachers and administrators who set a high standard of proper conduct for my child.

Believing in the need to support SCS as a ministry to families, we agree to support this school through our volunteer efforts – through our time, attending events and activities and participating in fundraising efforts.

Believing in the ultimate power of prayer, we commit to pray for SCS, students, staff, administration, volunteers and the school board.

I/we agree that we will faithfully support the school through our prayers and positive attitude, and should complaints or problems arise, we agree to work them out with the teacher or administration.

I/we agree to be supportive toward SCS and its personnel. We agree with the foregoing statements both in philosophy and in practice. We will encourage full cooperation in our children who attend SCS.

In doing so, SCS should not tolerate: profanity, obscenity in word or action, disrespect to school personnel, destruction to school property, smoking/drug use or sponsoring parties off campus that would engage in activities that do not bring glory to God.

My/our signature(s) below indicates my/our agreement of the articles of this commitment.
